

# How to get a certificate?

In order to get a certificate, you need to complete the assessment components and achieve a **50%** passing score before 11:59 p.m. UTC, Friday 30<sup>th</sup> June, 2017.

The assessment questions are found from Weeks 1 to 4 of the course.

Week Number	Assessment Type	% of Total Score
Week 1	Language Quizzes	50%
Week 2	Language Quizzes	
Week 3	Language Quizzes	
Week 4	Language Quizzes	
Weeks 3 & 4	Peer-Assessment	50%

In Weeks 1 to 4, there are multiple choice style questions testing you on the various concepts and language questions covered during those weeks. Collectively, these multiple quiz style questions account for 50% of the total score.

In Weeks 3 and 4 there is a peer-assessment accounting for 50% of the total score. In this assessment we want you to build upon what you have learned from Weeks 1-3 of the course and answer a challenging interview question using the STAR technique or another method of your choice. You should submit your assignment and grade your peers' assignments in Weeks 3 and 4.

While answering the quizzes, you are free to refer back to your notes or return to the teaching videos for answers. If you are not sure about the answer, you can always skip a question and come back to it later. You can have unlimited attempts to answer each graded question. There is no time limit on how long you can spend on a question.

You can see your score using the "Progress" tab at the top of the screen, which clearly indicates how much you have completed correctly in the class so far. Once course grades are finalised, if you earned a certificate you will see it available for download on your dashboard. Certificates are usually delivered within two weeks of when the course closes.

English at Work in Asia: Job interviews offers the opportunity to **audit the course for free**, or to pay for verified certificates. If you want to upgrade for a Verified Certificate, you have until 11:59 p.m. UTC, Friday, June 30<sup>th</sup>, 2017. The fee for a verified certificate is currently US\$50. You can find more information about [Verified Certificates here](#).
