

The Climate Pledge

Amazon is committed to building a sustainable business for our customers and the planet. In 2019, Amazon co-founded The Climate Pledge—a commitment to be net zero carbon across our business by 2040, 10 years ahead of the Paris Agreement.

Companies that sign The Climate Pledge agree to:

Regular Reporting

Signatories agree to measure and report greenhouse gas emissions on a regular basis.

Carbon Elimination

Signatories will implement decarbonization strategies in line with the Paris Agreement through real business change and innovations, including efficiency improvements, renewable energy, materials reductions, and other carbon emission elimination strategies.

Credible Offsets

Signatories must take actions to neutralize any remaining emissions with additional, quantifiable, real, permanent, and socially-beneficial offsets to achieve net zero annual carbon emissions by 2040.

“Bold steps by big companies will make a huge difference in the development of new technologies and industries to support a low carbon economy.”

Christiana Figueres

Former Executive Secretary of the United Nations Framework Convention on Climate Change and Co-Founder of Global Optimism

Our Commitments

Amazon has made ambitious commitments to achieving net zero carbon by 2040 as part of The Climate Pledge.

Net Zero Carbon by 2040

Deploying our technology and people to reach net zero carbon across Amazon by 2040, one decade ahead of the Paris Agreement.

100% Renewable Energy by 2025

Powering our operations with 100% renewable energy by 2025.

Shipment Zero

Making all Amazon shipments net zero carbon through Shipment Zero, with 50% of all shipments net zero carbon by 2030.

100,000 Electric Delivery Vehicles

Purchasing 100,000 electric delivery vehicles, the largest order ever of electric delivery vehicles.

Climate Pledge Fund

Investing \$2 billion to support the development of technologies and services that reduce carbon emissions and help preserve the natural world.

Right Now Climate Fund

Investing \$100 million in reforestation projects and climate mitigation solutions.

Amazon Joins the Science Based Target Initiative

To meet these goals, teams across Amazon are taking a broad, science-based approach to measuring, reducing, and eliminating carbon emissions in our operations. As part of our commitment to The Climate Pledge, we are proud to join the Science Based Target Initiative (SBTi), reaffirming our commitment to reduce carbon emissions in line with our ongoing science-based approach to tackle climate change. SBTi is a collaboration between CDP, World Resources Institute (WRI), the World Wide Fund for Nature (WWF), and the United Nations Global Compact (UNGC). It is one of the We Mean Business Coalition commitments.

Funds in Support of The Climate Pledge

Since co-founding The Climate Pledge in 2019, we've announced major investments to help us reach net zero carbon through The Climate Pledge Fund and Right Now Climate Fund.
